

Festival Musical d'Automne de Jeunes Interprètes

Festival Musical d'Automne de Jeunes Interprètes

The FMAJI (Festival Musical d'Automne de Jeunes Interprètes - Young Interprets Fall Music Festival) has for objectives:

- Promote each year three young music artists from the European Union or residing and following their musical studies in the European Union. This is done by:
 - Awarding them, after an official competition, prizes of a total amount of 12,650€
 - Inviting them to perform as soloists with renowned professional chamber or symphonic orchestras in a season of six concerts in Val d'Oise, one of the Paris area districts
- Promote contemporary french and european composers.
- To draw the attention of school pupils by special musician performances, in connection with their teachers and the french National Education organisation.

The FMAJI can fulfill these objectives thanks to its members ([became a FMAJI member](#)) and its partners and sponsors ([partners and sponsors of the FMAJI](#)). We thank them all for their patronage and hope you will join us.
